

Reham Fahad Alhmaidi

rehamalhmaidi@gmail.com | 0543938767 | Saudi | Jeddah, Saudi Arabia | linkedin.com/in/rehamalhmaidi

PROFESSIONAL SUMMARY

Data Science graduate with expertise in Artificial Intelligence, Machine Learning, and NLP. Hands-on experience in AI-driven solutions, deep learning models, and data analytics workflows using Python, SQL, and Power BI. Experienced in IT support infrastructure and automated regulatory compliance systems.

EDUCATION

Bachelor of Data Science — University of Jeddah

June 2026

GPA: 4.72/5.00 | Second-Class Honors

PROFESSIONAL EXPERIENCE

IT & Digital Health Intern — King Abdullah Medical Complex

June 2025 – July 2025

Jeddah, Saudi Arabia

- Provided technical support and troubleshooting for hospital systems, including Windows domain setup and system maintenance.
- Supported hospital IT infrastructure, ticketing systems, and network devices to maintain daily operations.
- Developed digital forms in Microsoft Excel to support healthcare IT operations and data collection.

Full Stack Robotics Engineering Intern — Smart Methods

December 2024 – February 2025

Jeddah, Saudi Arabia

- Completed 4 specialized tracks — Robotics and AI, Web Development and NLP, Electronics, Power Systems & IoT, and Mechanical Design each applied to real-world commercial projects.
- Gained hands-on experience in front-end and back-end development, control systems, IoT technologies, and mechanical design.

PROJECTS

Rassad - AI-Based Compliance Monitoring System for Data Privacy (PDPL) [🔗](#)

- Developed an AI-driven compliance monitoring system aligned with the Saudi Personal Data Protection Law.
- Applied DistilRoBERTa and NLP techniques to detect privacy violations and classify sensitive data risks.
- Used Explainable AI (XAI) to improve transparency of model decisions.
- Generated automated compliance recommendations based on text classification results.

SKILLS

Technical Skills

- Data Analytics & Business Intelligence: Power BI, Excel, RapidMiner, RStudio
- Programming & Databases: Python, Java, SQL, Oracle, MongoDB
- AI & Machine Learning: Deep Learning, NLP, Computer Vision
- Big Data: Apache Spark, Hadoop

Soft Skills

- Problem-Solving
- Time Management
- Analytical Thinking
- Teamwork and Collaboration
- Communication and Presentation

CERTIFICATIONS

- **NVIDIA** (October 2026): NVIDIA-Certified Associate: Generative AI LLMs
- **Saudi Digital Academy** (September 2026): AWS Certified AI Practitioner
- **Huawei** (August 2025): HCIA-AI V3.5, HCIA-Cloud Service V3.5, and HCIA-Cloud Computing V5.5
- **Smart Methods** (February 2025): Full Stack Robotics Engineer, with specializations in Robotics & AI, Web Development & NLP, Electronics Power Systems & IoT, and Mechanical Design
